## EYFS: Zoom Live Sessions

If you have consented to your child being part of a live learning session and they have not been in school since the National lockdown began they will be invited to a short live session this week. This session is to give both staff and parents/carers the opportunity to practise using this technology, in case further bubble closures occur.

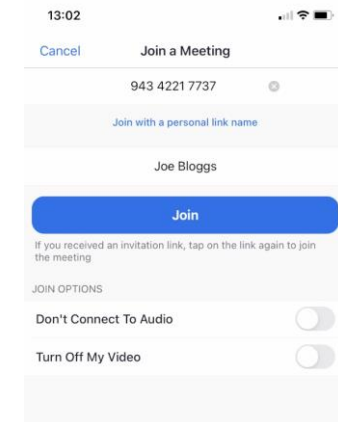

1. Download the free app to your phone or tablet. Zoom is very easy to use on your phone/tablet so we recommend doing this. You do not need to create an account.

2. When you are ready to join a live session click on the app ad press ‘join meeting’.

3. Enter the meeting ID given to you on Tapestry and type your child’s name. Without this you will not be allowed to join the live session. You do not need to change the audio or video settings.

4. Now type the passcode given to you on Tapestry.

5. Some pop ups asking for video and microphone permissions might pop up. Press allow.

6. When the class teacher is ready they will let you in to the session. Please keep the camera on and microphone muted. If a teacher asks you to unmute you do this using the buttons at the bottom of the screen. A line through means the camera/mic is not on.
