

Our Enrichment and Personal Development Journey

Every child who attends our school will leave having had their curriculum enriched and enhanced by a range of activities and experiences within and beyond the classroom. These experiences have been carefully selected based on the prior experiences of children in our community and aim to develop their ability to be inquisitive, adventurous, curious, resilient, confident and aspirational.

We work tirelessly to ensure equitable access to our personal development programme to ensure that we prepare all pupils for life beyond Beeston Primary School. We regularly review our personal development offer to ensure that it meets the needs of pupils and is highly effective at meeting agreed outcomes.

The timings of activities may vary each year. By the end of their time at Beeston Primary School every child will:

Civic Engagement	Arts and Culture	Nature, Outdoors and Adventure
- Vote in School Council elections - Lead a School Council meeting - Raise money for charity - Vote in Junior Leadership Elections - Have the opportunity to stand for election - Have the opportunity to take on a leadership role - Represent the school through an enrichment opportunity -	- Watch a live concert - Attend a theatre production - Learn a musical instrument - Visit an art gallery or museum - Visit a place of worship - Watch school rock concerts - Work with a professional artist to create some collaborative art work - Learn a language and celebrate different languages and cultures - Be part of a whole school production	- Plant seeds and care for plants - Visit a farm - Play in an adventure playground - Experience broad play opportunities through OPAL - Litter Pick and care for our environment - Learn about climate change and sustainability and how they can make a change - Visit a theme park

Sports and Physical Activity	Wider Life and Future Skills	Parental and Community Engagement
- Learn to swim - Participate in Sports Day - Take part in a sports competition - Experience team, individual and competitive sports - Learn about jobs within sport through our links with Leeds United Foundation and other sporting organisations - Celebrate sporting achievements	- Learn basic first aid skills - Learn to make some balanced meals - Meet the emergency services - Take part and run an enterprise fair, developing their financial literacy - Manage a budget and visit a supermarket - Prepare for a confident start to secondary school - Go on a bus	We regularly invite visiting speakers to school to lead assemblies and run workshops with pupils. These opportunities further enhance Personal Development. Parents and carers are invited annually to take part in Maths stay and play sessions where they can engage with their children in some exciting, practical learning. Parents and carers are invited to watch productions across Foundation Stage, KS1 and Year 6. They also join us annually to help us decorate our school for Christmas.
