Town Street, Leeds, LS11 8PN

“Promoting a love of learning”

Thursday 25th March 2021

Dear Parents/Carers,

At Beeston Primary School, we believe partnership with our parents is vital to achieve the best outcomes for our pupils. We are therefore contacting you to seek your views on an important aspect of your child's education.

After the Easter holidays, all primary schools will be required by law to teach Relationships Education and Health Education. We will also continue to teach sex education beyond the National Curriculum Science, which is strongly recommended by the Department for Education, however you will continue to have the right to request that your child is excused from sex education.

Our teaching of these subjects is based on the belief that it is essential to give our children a shared language so everyone understands, and everyone is understood. This is important for keeping our children safe, so they can be easily understood when talking about their bodies and feelings. It will also enable them to have informed discussions about their own health and wellbeing.

We hope this process will also help you to understand how you can support your child's learning with your own teaching at home. We are therefore sending you a short survey to complete, via text message. Although, this is not an anonymous survey because we would like to support all our families, your responses will be confidential. Whilst we will take all feedback on board, it is the responsibility of the Governors and Headteacher to make the final decision on what will be taught and we will share this with you.

Thank you in advance for taking the time to complete this survey. If there is anything you like to discuss with us in the meantime, please do not hesitate to contact us.

Yours sincerely,

Miss Clark
PSHE Lead.
