“Engage, Enjoy, Enrich, Excel”

Friday 5th November 2021

Dear Parents and Carers,

I would like to take this opportunity to inform you of our new, exciting reward system in school.

You may have already heard from your child that they are now able to earn reward points throughout the day for displaying positive behaviours in class.

Every child will earn 1 point from their class teacher for being in school for registration at the start of each day. They then have the opportunity to earn 3 points for each lesson if they follow our school rules and expectations, with a scope of earning up to 5 points for amazing effort and extraordinary work!

Your child will accumulate points throughout the school year and are able to cash in their points for rewards from our newly built Reward Shop.

The more points they save the bigger the prizes! Prizes range from hula-hoops, dinosaur eggs, teddy bears, bubbles, Play-Doh, Lego sets and many more.

We also have prizes to help support personal hygiene such as Barbie bath bombs, hairbrushes, glittery hair bows and toothbrushes.

They can also save to purchase a raffle ticket to enter our end of year prize draw for a brand new bike of their choice to the value of £200!

You can check your child's progress online by logging in at <https://www.pupilrewardpoints.co.uk/beeston/login.php>, using your child's login details, listed below.

Here your child can check their progress, create a wish list of prizes they would like to aim for and achieve awards and shields, similar to X-Box achievements.

From Autumn 2, pupils will also have the chance to earn additional points vouchers from all staff and Governors around school if they display any of the following behaviours;

- Being polite and courteous
- Being helpful towards others
- Displaying exemplary behaviour
- Making a positive contribution to the wider school

These vouchers can be added at home by entering the bar code on the voucher.

Class totals will also be celebrated in Achievement Assemblies every Friday, along with our attendance trophies and individual prizes.

Your child may also appear on our Half Termly Leader Board for their individual achievements during that half term.

“Engage, Enjoy, Enrich, Excel”

As you will appreciate, we do however have occasions in school where pupils do demonstrate unacceptable behaviour and try to push boundaries. This behaviour is not tolerated and pupils may find themselves on a behaviour 'step' within the lesson. If a child is placed on a behaviour step within the lesson then they will automatically lose one of their reward points for effort. We hope that they would then reflect on their behaviour and continue to earn 2 points for that lesson.

If however, their inappropriate behaviour continues or escalates, then they will continue to lose further points the higher up our behaviour step ladder they go. Potentially if a child continues to misbehave then they will lose all 3 points for that session.

All is not lost though, every child then has time to reflect during their break or lunchtime and can enter the next lesson on 3 points once again, turning their behaviour around and earn points for the rest of the day.

On the occasion where points have been lost or are, being lost regularly parents will be contacted if we feel that it is becoming a daily occurrence.

As parents, you can support your child by checking their daily rewards and praising positive behaviours. You will also be able to support your child by encouraging them to aim high and save for bigger prizes!

Positive reward points also acknowledge our pupils who follow our school rules and do what is asked of them on a daily basis.

You should be able to access the reward system on any device that connects to the internet including android mobile phones.

If you have any issues, logging on to the system then please let your child's class teacher know.

During this half term, myself and Mrs Knowles will be running a lunchtime club for any pupils who do not have internet access at home or would like to login to their account at school to purchase their reward prizes.

We will shortly be adding the reward system information to our school website along with a link that will take you directly to the login page.

Your child's log in details can be found below, please do not share these with other children as school can not reverse any points that have been spent by others. The passwords are automatically generated through the Pupil Reward system which is externally managed so apologies if these seem a little random!

Thank you for joining us on this exciting journey and for your continued support,

Regards,

Mr S Nicholson
Deputy Headteacher
