Agenda Items

Welcome school council,

When speaking with children only 7 children were given time to talk about school council in class, this was the same seven as last time I asked, Remember, Child Voice.

Miss Atherton, Dept Leader and Science Leader asked us to speak about what Science looks like at Beeston Primary,

We had a discussion with JLT leading this and came up with lots of information, the children have now been asked to speak with their class about this, Miss Atherton will be collection the information when she visits School council.

The children spoke about playtimes and equipment not always been used, I have said I will speak with Mr Nicholson, and Invite him to a meeting in January.

I have advised the children that Samyia Ambreen , Pupil Support Governor will also be attending our next meeting,
