

Year 5 Newsletter: Autumn 1

Dear Parent/Carer,

Welcome back to the new academic year, we hope you all had a relaxing and enjoyable summer break. It has been wonderful to welcome your children back into school and we are so pleased with how quickly they have settled into their new classes. We are all looking forward to the next term ahead and we have lots of exciting things planned! Mr Slater, Mr Walton, Mrs ODea and Mrs Fielding are the new Year 5 team and we can't wait to get to know you all!

Maths

We will begin our Year 5 Maths work by building on our existing place value knowledge.

We will be comparing, ordering and rounding numbers up to one million (including some negative numbers) and learning about Roman numerals. We will also be using formal methods to add and subtract up to 6-digit numbers and applying these skills to multi-step problems.

English

This half term, we will be exploring the topic of refugees and immigration through some fantastic texts, namely 'After Tomorrow' by Gillian Cross and 'The Journey' by Francesca Sanna. These books will challenge the children and allow them the opportunity to explore different writing styles. They will use the book to create diary entries, reports and persuasive letters. They will have the opportunity to enter into debate around the topic of refugees.

Art/DT

This half term in Art we are influenced by our work in English. We will explore Salvador Dalí's famous pieces and think about his use of colour and space when creating our own landscape designs.

Science

In Science lessons, we will learn about the properties of different materials. We will classify materials into solids, liquids and gases, as well as looking at the role of the water cycle.

Geography

This half-term Year 5 will be describing and understanding the key aspects of mountains.

They will also be learning about the Name and locations and different mountains all around the world.

PE/PSHE

In PE the children will think about three key ideas of watch, move, connect to help them develop new skills.

In PSHE, we will be looking at relationships. These lessons will focus on: role models, words, boundaries, being online and peer pressure.

Music/RE

In Music, we will follow a Charanga unit to create sounds inspired by the song 'Livin' on a Prayer'.

We will be learning about why some places and journeys are special to people in RE.

'Our' Place in 'Our' World.

We will explore how the water cycle moves water around our planet in different states and what we can do to support water conservation.

Aspiring Entrepreneurs

Linking to our Science lessons, we will be exploring ingenious ways to save water.

Healthy and Happy Living

We will be learning about how it is 'good to be me' in our PSHE lessons. Alongside this, we will be conducting Restorative Circles to ensure mental wellbeing is a top priority.

Inquisitive Investigators

We will be investigating the properties of different materials and the many uses they have in society.

Important information & Dates to remember:

- PE will be on two days this year! Year 5 PE days are Thursday and Friday. All children should come to school dressed in their PE kit. Please look at the school website for what the correct PE kit should look like.
- Year 5 children will finish school at 3:15 pm and can be collected from the lower KS2 playground. They **will not** be allowed to walk home on their own without completing a walking home permission form (Microsoft Form link). **Please phone school or send a note** to provide the full name of the person collecting from school if your child is being collected by a sibling or friend.
- Please send your child with a named water bottle every day.
- Please continue to support your child by reading with them at home and logging it on Boom Reader.
- Your child will read with an adult in school on a 1:1 basis so please ensure that their book bag is in school **every day**. This book will then be sent home to complete or to be re-read and will be at your child's reading level.
- **New spellings and homework will be sent home on Fridays. Homework must be completed and will be due in on the following Thursday.**

Please see your child's class teacher if you have any questions or comments.

Thank you for your continued support. We're looking forward to the exciting year ahead!
